ANNEXE 2: Zero Hour	
Meeting: Environment Committee	Date: 9 th November 2023
Agenda item: 7	Author: EO

1. Purpose of report

To apprise the Committee of a request from Zero Hour concerning the Climate and Ecology Bill.

2. Background

A request has been received from Zero Hour for STC to consider joining the other 168 parish and town councils in supporting the Climate and Ecology Bill that is being considered by Government.

The [Climate and Ecology Bill](#), if made law, would ensure that:

- The threat facing nature is tackled shoulder to shoulder with the climate crisis in a joined-up approach.
- The Paris Agreement is enshrined into law to ensure that the UK does its real fair share to limit global temperature rise to the most stringent end of the Paris agreement - 1.5°C.
- The UK takes full responsibility for our entire greenhouse gas footprint by accounting for all of the emissions that take place overseas to manufacture, transport and dispose of the goods and services we import and consume)-
- The government deliver a climate and nature assembly that is representative of the UK population, working directly with the Government and Parliament to ensure that all voices are heard and that no one is left behind.

Please click on the above link for more details.

The proposed motion has been supplied by Zero Hour and can be viewed via this link - [draft motion](#),

3. Recommendation

To discuss and consider supporting the bill.
